RINGING REMEMBERS
9.7 million service personnel, both men and women, gave their lives during the First World War. Among them were some 1400 church bell ringers.

There is currently a Government-backed nationwide initiative to teach 1400 new bell ringers in time for the Armistice Day commemorations in November 2018, a day when it is hoped every one of the nation’s bells will ring out to honour all the 9.7 million men and women who gave their lives. Will you join us in Ringing for Peace perhaps in memory of one of your own family, or indeed in memory of those who have no known grave?

Please join us for

AN OPEN AFTERNOON
Saturday 9th June 2018, 2.00 pm to 4.30 pm
at Holy Trinity Church, Wonston

Busy on that day? Why not come to one of the regular practices to see what happens, with no obligation to commit to anything else. New learners of all ages (or, indeed, “lapsed” ringers who would like to return, if only for this event) are always welcome, and very necessary if the sound of our bells is to continue to ring out across the land.

For more information, or details of practice times in local churches (Wonston, Micheldever, Barton Stacey, Bullington, and Kingsworthy) please contact Christine Knights-Whittome 01962 886939.
