Christchurch and Southampton District Bellringers

HINTON TROPHY

120 changes of plain hunt or any doubles method
or 120 changes of minor

Rules:

1. Start and finish in rounds.
2. Bands are allowed a few rounds to check the length of the ropes, after which the bells may be stood, and ropes adjusted. 3 minutes of practice are then allowed, and 2 whole pulls on the treble shall indicate the start of the test piece.
3. Rounds at the start and end of the ringing and failure to set a bell after the test piece will not be judged.
4. Bands shall comprise regular Sunday service ringers from the tower that the team represents. If a team cannot be raised meeting this criterion it shall be permissible for up to 2 regular practice night visitors to make up the band.
5. No method is specified, but it is hoped that each band will select a method appropriate for their own level of experience and competence.
